**Archery** – In any weather, Base Camp’s 15-yard, indoor archery range is ready to help first timers or seasoned veterans hone their skills in this activity of physical control and mental concentration. Our staff provide all of the equipment, instruction, and coaching to safely enjoy this unique and challenging program.

**Rock Climbing** – A signature experience at Base Camp is climbing our 30-foot, indoor rock wall. The 16 belayed routes accurately replicate the natural features found in the St. Croix River bluffs near Taylors Falls. All safety equipment and facilitation is provided by our trained staff. Outdoor climbing is offered April to November, weather permitting. Team climbing allows all members of a group to participate simultaneously – while pair of climbers ascend the wall together, their group members will manage their safety as the belay team from the ground. An hour-long belay training session may be added to any climbing program – offering another element of trust and communication development. This training adds an hour to the program length and if we finish early, climbers get even more time to climb!

Groups that choose our outdoor ropes can expect to complete at least two of the high elements during the program, in addition to a series of low exercises to best prepare participants for their experience.

# DEPOSIT, PAYMENT & CANCELLATION POLICY

## Reservations

Reservations for youth programs can be made 6 months ahead of requested program date. Reservations must also be made at least 14 days prior to requested reservation date.

## Deposits

A deposit of 50% per person is required upon making a reservation, based on the estimated number of participants. Checks (made payable to Northern Star Council) or credit card payments (Visa, MasterCard, Discover) are accepted. This deposit is nonrefundable if a lesser number of participants attend the program. It is transferrable to another date if rescheduled at least 3 weeks in advance.

If the confirmed number of participants changes at any time, please let Base Camp know by calling 612-261-2301. If the confirmed number of participants is lowered at least one week ahead of the scheduled program, the non-refundable deposit will be adjusted.

## Remaining Payments

The minimum group size for most programs is 10 participants; if your party has fewer than 10 participants, then you will still be responsible for covering the 10 participant minimum. The remaining balance is due upon arrival at Base Camp by credit card, cash or Check.

## Cancellations

Scheduled programs cancelled at least 3 weeks in advance can transfer their deposit to a new date within 1 calendar year. Scheduled programs cancelled less than 3 weeks in advance will forfeit any deposits paid.

## Scholarships

Scholarships must be requested along with reservation. Base Camp requires a minimum of 3 weeks to process scholarship requests. Scholarship requests received after scheduled program date will not be accepted.

Scholarships are only dispersed for actual youth attendees and are based on a per participant value. Groups may not use scholarship funds from no shows to pay a remaining balance.

## Base Camp Severe Weather Policy

Decisions for official Base Camp closing will be made by the Base Camp Director.

When Base Camp is officially closed, fees will either be transferred to another date within the calendar year or refunded.

*If Base Camp does not officially close, the Base Camp Director may approve transferring fees paid by a group to another date if group leader determines conditions to be unsafe for their activity **AND** if they notify Base Camp (before start of event) that they will not be able to attend Base Camp. This can be accomplished by calling the Base Camp on-site phone 612-261-2301 (leave a message if no answer) or email to [basecamp@northernstar.org](mailto:basecamp@northernstar.org). Typical reasons for this situation include heavy snowfall, slippery road conditions and extremely cold weather. Requests for fee transfers must be submitted in writing.*

**Information and questions regarding current weather conditions for Base Camp Programs will be available at 612-261-2448 (December-March).**

**Please note, the following items may not be used or brought into our facilities: balloons, (latex or mylar) scooters/skateboards, Nerf guns, peanut products, open flames, alcohol, and tobacco products. For participant safety, music may not be played on AV system while Base Camp programs are running.**
